

# Ultima Primary School

Fortnightly Journal of Learning : Anywhere and Anytime.

February 21st 2014

Dear Parents,

Please note that the weekly assembly is now on Tuesdays at 9:00am. All families are very welcome to attend. The children share their school work at the assembly and it is a great opportunity to share our successes! We have noticed the children are bringing electronic devices and toys to school to play with during recess and lunch. We encourage the children to share something special from home at the weekly assembly (Tuesdays) otherwise toys and electronic devices must stay at home.

Homework: All children are expected to read to an adult, each day of the week and for parents to sign the diary. All children are given a weekly maths sheet and a weekly list of spelling words. We have the spelling test on a Thursday morning.

Swimming Carnival: 24th February. This will be a really great day of fun, participation and swimming at Quambatook. The first half of the day will be at the Quambatook School and the second half of the day will be at the pool. All families are very welcome to attend. Please ensure your child has their bathers and a towel and plenty of food and drink. The school will supply sunscreen and hats.

School Photos: Monday 3rd March. Please remember to return your order form and money.

In class the children have been working on their reading, writing informational reports, subtraction, playing 'greedy pig', and much more. They are enjoying drama with Mr O'Toole and we are now practicing T Ball for the Summer Sports. Please note that all children will be playing T ball this year and we are joining with Piangil P.S. to make a team. The children have begun their '2014 learning journal' with a front page and a goals page.

Woolworth's Earn & Learn: Our school, along with 13, 147 other schools participated in this program in 2013. We received a wonderful collection of puzzles and games for our children to enjoy. Many thanks to all families and community members who contributed.

Susan Harley
